From,

The Excise Commissioner
in Mysore.

To,

The Secretary to the
Government of Mysore.

Sir,

I have the honor to state that in accordance with the indents received from the Deputy Commissioners of Districts 3050 Seers and 3050 Half-Seers are required for use in Toddy Shops, and 150 Seers and 150 Half Seers for Excise Officers for the purposes of testing. Each set of measures, viz. 1 Seer and 1 Half Seer costs (1½) one and a half rupee. To enable me to get the measures made at once for use in the year 1896-'97, I beg to solicit that an advance

of

of Rs. 4,800 may be sanctioned.
It will be adjusted from the realizations by the sale of the measures to Toddy Vend Farmers. The cost of those which will be prepared for the use of Excise Officers will be adjusted from the grant in the Excise Budget for furniture and instruments.

I have the honor to be
Sir,
Your most obedient servant.

No 3562/353

Excise Commissioner's Office

Bangalore 9th March 1896.

From

The Excise Commissioner

in Mysore

To,

The Secretary to the Govern[illegible]

General and Revenue Depart[illegible]

Sir,

In reply to your docket No. 7977/Ex 236, dated 3rd/6 instant, I have the honor to State that in consequence of Standard measures not having been issued to Toddy Shops by Government as in the case of — arrack shops, the licensees of the former are enabled to cheat the consumers of Toddy by using — short measures of all descriptions. Earthen measures, as well as Bamboo measures

measures, were tried, but found useless, the former breaking and latter splitting constantly. The seals put on them as per Government Notification No: 186, dated 8th August 1890, fall off within a few days, or can be easily tampered with. The shopkeepers have now therefore every facility to cheat the consumers by using short measures. But when duly stamped standard measures are issued by Government, the consumers can easily identify them, and will see that Toddy is issued to them in such measures.

2 As reported to Government in this Office letter No: $\frac{2830}{270}$, dated $\frac{11\text{th}}{16}$ January 1896, Zinc measures are preferred by the Chemical Examiner, and the Deputy Commissioners have sent Indents for Zinc measures.

3 It is not known at present who will

will be the Toddy Vend Farmers for 1896-97, and therefore the cost of pine measures cannot be recovered in advance

4. Arrack measures are always prepared at the cost of Government which will afterwards be recovered from the shopkeepers. The same procedure has necessarily to be followed in the case of Toddy measures. Hence my application for the advance in question.

I have the honor to be,

Sir,

your most obedient Servant

To

The Secretary to the
Government of Mysore
Revenue & General Department

Sir,

In reply to your docket No. 9196 Ex. 278 dated 6th instant I have the honor to state that tin measures which are the cheapest, were prepared and issued in 1889-90, but they did not last even for six months, as by the action of acid in Toddy, the tin coatings wore away, only iron sheets with holes being left. Stone measures are likely to cost as much as zinc measures if not more; and as they are easily breakable, they are not durable. Glazed earthen measures may be much cheaper than zinc measures, but they

they are not durable. Messrs Arbuthnot & Co
who have opened an earthenware
factory at Bangalore, will, however,
be consulted on the subject, and
the result will be reported.

2. I am of opinion that ~~—~~
brewter measures are the best, but
they will cost much more than zinc
measures; and ~~(illegible)~~ therefore ~~—~~
zinc measures have been preferred
& all after obtaining the Chemical
Examiner's opinion.

SECTION S. R.

LETTER No 95-(85-6)

To

SIR, The Secy. to the Govt. of Mysore,
~~Dept.~~

Submitted for orders.
The Excise Commissioner who applied for an advance of Rs. 4800/, now says that a sum of Rs 1000/. is sufficient for the preparation of Zinc measures and that he would arrange to recover this amount from the Toddy Rent Farmers of 1896-97. As Zinc measures are preferred to any other, the advance applied for may be sanctioned with the remark that the same should be adjusted as early as possible.

The sum of Rs 226-8-. recp. for making 151 sets for the use of the Supervisors & Inspectors may also be sanctioned from the General Savings of the Excise Budget as there are no funds under the head "Instruments & Furniture" in the Current year's Budget

No. 4718
530 / 1896.

The Excise Commissioner
in Mysore

To,

The Secretary to the
Government of Mysore

Sir,

In reply to your docket No. 10024. / Ex. 304, dated the 14/19th instant, I have the honor to state that the Agent of Messrs Herbutnot and Co. says that they cannot make pure measures articles at present either at Madras or Bangalore. I do not think that measures made of porcela will last long, as they are liable to be broken easily. Therefore pure measures are preferred. I have requested the Deputy Commissioners of Districts to recover from the Toddy Vend farmers of 1896-'97 the cost of the sets required for use in their shops and remit the same to this Office as early as possible. I beg therefore that an advance of Rs (1000) one thousand only may be sanctioned

sanctioned to enable me to cause the preparation of the measures to be commenced at once.

2.. One hundred and fifty one sets are wanted for the departmental use of the Supervisors and Inspectors. I beg that the cost thereof viz Rs. 226-8-0 at Rs. 1-8-0 per set may be sanctioned from the available balance of Rs. 2965 under the head "Instruments and Furniture in the current year's Excise Budget, or general avings if the above balance be appropriated for testing instruments.

I have the honor to be,

Sir,

Your most obedient servant

En 331 4

to

His letter No. 4718/530 dt 22nd May 96
soliciting sanction to an advance towards the purchase
of Rs 1000-- ~~to defray the~~ ~~for purchase~~ of Excise measures
for the use of Toddy Vend Farmers
~~from Mosses Barbathood &c~~

With reference to the above
has the honor to observe that
it is doubtful if the Toddy
Vend Farmers would like the
Excise measures & purchase them
and even if purchased, these
will
~~shall~~ have to be transferred
from the outgoing to the in-
-coming Farmer, as one & the
same individual may not
be expected to purchase the
Vend right

10

Vend right year after year.

Under such contingencies, it is not advisable to get these Zinc measures made in anticipation of payment therefor by the Toddy Vend Farmers.

The Excise Commissioner is therefore requested to enquire & report whether the Zinc measures proposed, will be purchased by the Vend Farmers ~~before their preparation~~ is ~~ordered~~

Excise Commissioner's Office

No. 4971/560

Bangalore, 5th/5th June 1896.

From

The Excise Commissioner
in Mysore

To,

The Secretary to the
Government of Mysore

Sir,

In reply to your docket No. 10531/Ex:331, dated the 2nd instant, I have the honor to state that the Deputy Commissioners have sent Indents for Wine measures, and the Toddy Vend Farmers are bound under the License Rules to use such measures as may from time to time, be prescribed by Government. Though the Farmers may be different each year yet the shops belonging to each Farm, are the same year after year; and each succeeding Farmer generally secures the same Vendor for each shop year after year together with all the articles therein used. If any Farmer fails to secure from his predecessor the Standard Measures prescribed by

by Government, then he will have to buy and provide himself with new ones under the decease Rules just as Arrack Vend Farmers and Separate Shopkeepers do in regard to dram cups.

2. Standard measures are urgently required for all the members of the Inspection Staff for testing purposes I have ordered them to be prepared as soon as possible, and request therefore early sanction to the money applied for in my former letter

I have the honor to be,
Sir,
Your most obedient servant.
